

Ardstraw Jubilee Primary School

Special Educational Needs and Inclusion Policy

Date Ratified by Board of Governors: Wednesday 7th June 2023

Date of Review: June 2024

Introduction

This policy was developed in accordance with Education Authority guidelines and current legislation. It has been approved and agreed by our staff and Board of Governors on Wednesday 7th June 2023.

The policy reflects and guides current practices in Ardstraw Jubilee Primary School for children with Special Educational Needs/disabilities.

We in Ardstraw Jubilee Primary School are committed to providing a place where everyone can achieve their full potential in all aspects of school life and feel valued, secure and happy.

Legislation:

- [The Education \(NI\) Order 1996](#)
- [Special Educational Needs and Disability \(NI\) Order 2005](#)
- [The Special Educational Needs and Disability Act \(NI\) 2016](#)

Documentation:

- [Department of Education Northern Ireland \(1998\) Code of Practice on the Identification and Assessment of Special Educational Needs. Bangor: DENI](#) (PDF, 644KB)
- [Department of Education Northern Ireland \(2005\) Supplement to the Code of Practice. Bangor: DENI](#) (PDF, 801KB)
- [Equality Commission, Northern Ireland \(2006\) Disability Discrimination Code of Practice for Schools \(SEND0\)](#). (PDF, 761 KB)
- [Department of Education Northern Ireland \(2009\) Every School a Good School - a policy for school improvement, Bangor: DENI](#). (PDF, 706KB)

Rationale

Ardstraw Jubilee Primary School staff are committed to providing equal access for all our pupils to a broad and balanced educational experience based on the Northern Ireland Curriculum. We recognise that some pupils during their school career may have special educational needs and/or a disability. In the interests of these children, we will endeavour to make every reasonable arrangement to provide for their individual needs.

The legislation that currently governs practice regarding children and young people (C&YP) with special educational needs (SEN) is the Education Order (1996). The current Code of Practice on the Identification and Assessment of SEN provides guidance on how the legislation is to be delivered in schools and was published in 1998.

SENDO (2005) increased the rights of C&YP with SEN and/or disabilities to be educated in mainstream schools and aimed to ensure that children with disabilities were not disadvantaged compared to their peers in school. This included the school being proactive in areas such as ensuring that the school is prepared with an adapted environment and differentiated curricula for all children who may wish to attend, including those with SEN/Disabilities.

The Supplement to the CoP was published in 2005 and updated parts of the 1998 CoP to reflect the changes following SENDO (2005).

The most recent legislation, the Special Educational Needs and Disability Act (NI) 2016, strengthens and builds upon the duties contained within the Education Order (NI) 1996 and SENDO (NI) 2005. It places new duties on the schools Board of Governors, the Education Authority and Health and Social Care Trusts. It provides new rights for parents and children over compulsory school age. It is one element of the new SEN and Inclusion Framework which include new SEN Regulations and a new statutory Code of Practice as of 2021, awaiting ministerial approval.

NB: In the interim, schools have been advised that they must continue to adhere to all aspects of the Code of Practice (1998) and the Supplement to the Code of Practice (2005), except for recording children under the new three stages of the Code of Practice.

Definitions

For all involved in a child's education it is important that there is a clear understanding of the terms 'special educational needs,' 'learning difficulty' and 'special educational provision, as defined in Article 3 of the 1996 Order.

Special Educational Needs

A child has special educational needs if they have a learning difficulty which calls for special educational provision to be made.

Learning Difficulty

A child has a learning difficulty if:

- (a) they have a significantly greater difficulty in learning than the majority of children of the same age;
- (b) they have a disability which either prevents or hinders them making use of everyday educational facilities of a kind generally provided for children of the same age in ordinary schools; or
- (c) they have not attained the lower limit of compulsory school age and is or would be if special educational provision were not made, likely to fall within (a) or (b) when of compulsory school age.

Special Educational Provision

Special educational provision (SpEP) is educational provision, which is additional to, or otherwise different from, the educational provision made generally for children of their age in ordinary schools.

Disability

The following definition of disability is taken from the Disability Discrimination Act (1995):

A disability is when someone has a physical or mental impairment which has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities. (Paragraph 2.3)

Key Principles of Inclusion

The Disability Discrimination Code of Practice for Schools (ECNI, 2006), states: *"...all pupils have a right to the same opportunities in the whole of their educational life."*

All schools should have an inclusive ethos and actively seek to promote the inclusion of all children. Schools should approach inclusion as an integral part of all school policies including the school's SEN policy, school development plan, the school's accessibility plan and policies relating to e.g., discipline, bullying and pastoral care.

SEN and Medical Categories

The following is the list of the five overarching SEN categories and sub-categories taken from: [Department of Education Northern Ireland \(2019\) Recording SEN and Medical Categories - Guidance for Schools, Bangor: DENI](#).

1. **Cognition and Learning (CL) - language, literacy, mathematics, numeracy**
 - a) Dyslexia (DYL) or Specific Learning Difficulty (SpLD) - language/literacy
 - b) Dyscalculia (DYC) or Specific Learning Difficulty (SpLD) - mathematics/numeracy
 - c) Moderate Learning Difficulties (MLD)
 - d) Severe Learning Difficulties (SLD)
 - e) Profound and Multiple Learning Difficulties (PMLD)

2. **Social, Behavioural, Emotional and Well-being (SBEW)**
 - a) Social and Behavioural Difficulties (SBD)
 - b) Emotional and Well-being Difficulties (EWD)
 - b) Severe Challenging Behaviour associated with SLD or PMLD (SCB)

3. **Speech, Language and Communication Needs (SLCN)**
 - a) Developmental Language Disorder (DLD)
 - b) Language Disorder associated with a differentiating/ biomedical condition (LD)
 - c) Communication and Social Interaction Difficulties (CSID)

4. **Sensory (SE)**
 - a) Blind (BD)
 - b) Partially Sighted (PS)
 - c) Severe/Profound Hearing Impairment (SPHI)
 - d) Mild or Moderate Hearing Impairment (MMHI)
 - e) Multi-sensory Impairment (MSI)

5. **Physical Need (PN)**
 - a) Physical (P)

Children with a medical condition

Children who have an identified medical condition will be recorded on the school's medical register. Those who do not require special educational provision will be recorded on the medical register only and will not be placed on the SEN register.

A pupil with a medical diagnosis or disability may or may not have a SEN but what is key is "does the pupil have a requirement for special educational provision to access the curriculum."

A pupil can be recorded on both the SEN register and medical register if they have both a medical need and require special educational provision to be made for them.

The Medical Register is the responsibility of Alison Porter/Judith McCreery.

The following is the list of the key medical diagnoses as commonly identified and agreed by the Department of Health which occur within the school population taken from [Department of Education Northern Ireland \(2019\) Recording SEN and Medical Categories - Guidance for Schools, Bangor: DENI](#).

- Epilepsy
- Asthma
- Diabetes
- Anaphylaxis
- Autism Spectrum Disorder (ASD)
- Attention Deficit Disorder (ADD)/ Attention Deficit Hyperactivity Disorder (ADHD)
- Dyspraxia/ Development Co-ordination Disorder (DCD)
- Developmental Language Disorder (Medical) (DLD)
- Global Developmental Delay
- Down Syndrome
- Complex Healthcare Needs
- Anxiety Disorder (includes social anxiety, phobia, school refusal, obsessive compulsive disorder)
- Depression
- Eating Disorder
- Psychosis
- Other Medical Disorder
- Cerebral Palsy
- Spina Bifida - with Hydrocephalus
- Spina Bifida - without Hydrocephalus
- Muscular Dystrophy
- Acquired Brain Injury
- Visual Impairment
- Hearing Impairment
- Physical Disability
- Other Medical Condition/ Syndrome

Policy Aims

In Ardstraw Jubilee Primary School we aim to promote the best interests of each individual child. We aim to provide an environment where each child can be encouraged to reach their full potential and be given opportunities to succeed.

We value the contribution made by every child to the life of our school and strive to integrate children with special educational needs in all areas of school life. We aim to do this in the following ways to ensure children will be happy at school:

1. To identify pupils with SEN/disability as early as possible using a variety of measures and in consultation with appropriate personnel.
2. To ensure full entitlement and access for pupils with SEN/disability to high quality education within a broad, balanced, relevant, and differentiated curriculum.
3. To ensure that all pupils with SEN/disability feel valued.
4. To offer curricular, pastoral, and extra-curricular opportunities that allow pupils to develop their knowledge, understanding and skills so ensuring progress, promoting success and self-confidence.
5. To offer a broad curriculum which will promote intellectual, emotional, social, and physical progress in order that pupils can develop as valuable members of society both now and in the future.
6. Involve parents and pupils as partners and foster a happy liaison between home and school through personal contact.
7. To consider the views of the child when planning and implementing SEN provision taking into account their age and capacity.
8. To support children in participating in making decisions in all aspects of their learning.
9. To strive for close co-operation between all services and agencies concerned to achieve an effective multi-disciplinary approach to meeting SEN.
10. To educate pupils with SEN, wherever possible, alongside their peers.
11. To develop a recording system so that each pupil's performance can be monitored and reviewed appropriately.
12. To encourage and/or maintain the interest of pupils with SEN in their education.
13. To encourage a range of teaching strategies that accommodate different learning styles and promote effective learning.
14. To create a caring and supportive environment in which pupils can contribute to the planned provision in relation to their individual learning needs.

15. To meet the needs of all pupils who have SEN by offering appropriate forms of educational provision and the most efficient use of available resources.
16. To promote collaboration amongst teachers in the implementation of the SEN policy.
17. To work closely with EA services and other outside agencies as appropriate to support each pupil with SEN.

Arrangements for Co-ordinating SEN Provision

Although meeting the needs of pupils with SEN is a whole school issue the overall responsibility for managing SEN provision resides with the Board of Governors and the principal of the school. However, to facilitate the day-to-day running of the provision the board of governors has delegated responsibility to co-ordinate the provision for pupils with special educational needs to Mrs Alison Porter (LSC).

Roles and Responsibilities

The following section highlights the key roles and responsibilities of all those involved in SEN provision:

Board of Governors

The role of the Board of Governors of a mainstream school is to exercise its functions in relation to the school with a view to ensuring that provision is made for registered pupils with special educational needs. The school's appointed SEN Governor is Rev. David Reid.

Chapter 12 of the document '*Every School a Good School*' (DENI, 2010) relates specifically to the role of the governor in supporting pupils with special educational needs. Based on this information, *The SEN Resource File* (DENI, 2011) outlines that the Board of Governors has a statutory duty to:

- take account of the provisions in the DE Code of Practice on identifying and assessing special educational needs;
- use their best efforts to provide for pupils identified with SEN and that parents are notified of their child's special needs;
- maintain and operate a policy on SEN;

- ensure that where a registered pupil has special educational needs, those needs are made known to all who are likely to teach them;
- check that the teachers in the school know the importance of identifying those registered pupils with SEN and of providing appropriate teaching; and
- allocate funding for special educational needs and disability; and
- prepare and take forward a written accessibility plan.

Principal

According to the *Code of Practice (1998)* the principal should:

- keep the board of governors informed about SEN issues;
- work in close partnership with the LSC;
- liaise with parents and external agencies as required;
- delegate and monitor the SEN budget;
- ensure the teaching staff are actively involved in the management of SEN within the school;
- Teaching staff should ensure consistency of practice and contribute to the realization of the school development plan; and
- provide a secure facility for the storage of records relating to special educational needs.

SENCo (soon to be Learning Support Co-ordinator)

In all mainstream schools, a designated teacher who usually assumes the title of the special educational needs co-ordinator (SENCo) should be responsible for:

- the day-to-day operation of the school's special educational needs policy;
- responding to requests for advice from other teachers;
- co-ordinating provision for pupils with special educational needs;
- maintain the school's SEN register and oversee all the records on pupils with special educational needs;
- working in partnership with parents of children with special educational needs;
- establishing the SEN in-service training requirements of the staff, and contributing as appropriate to their training; and
- liaising with external agencies.

Class Teacher

The class teacher should:

- be aware of current legislation;
- keep up to date with information on the SEN Register;
- gather information through observation and assessment;
- develop an inclusive classroom;
- work closely with other staff to plan for learning and teaching;
- contribute to, manage, and review PLPs in consultation with the LSC; and
- involve classroom assistants as part of the learning team.

SEN Support Staff/ Additional Adult Assistants

Support Staff/ Additional Adult Assistants should:

- work under the direction of the class teacher;
- be involved in planning;
- look for positives by talking to the child about his/her strengths;
- provide practical support;
- listen to the child/speak to staff on the child's behalf;
- explain boundaries and operate these consistently and fairly;
- keep records and attend meetings; and
- share good practice.

Pupil views

In school, as far as reasonably practicable, we seek and have regard to the child's views about their strengths, learning difficulties and education, taking into account their age and maturity. We seek and listen to their views about how they learn effectively and then focus on the strategies that work for them.

Key decisions for a particular pupil might include:

- contributing to their own assessment, provision, and progress;
- contributing to the review of PLPs, Annual Reviews, and the Transition process; and
- involving and supporting the pupils to participate in making decisions about matters affecting them.

Seeking their views and supporting them to participate in making decisions about their learning is good practice. The child's progress will be more effective

when both they and, where appropriate, their parents are involved, and account is taken of their wishes, feelings, and perspectives.

Parent/person with parental responsibility

At Ardstraw Jubilee P.S., we acknowledge that successful partnerships between parents, pupils and school play a key role in promoting a culture of co-operation, openness and transparency and have a crucial impact on the effectiveness of special educational provision. Seeking the views of the child or young person also plays a key role in helping us understand individual needs.

Teachers, pastoral staff, LSCs, and other school staff all have a significant role in developing positive and constructive relationships with parents and pupils. We encourage this participation and value its contribution.

It is the school's responsibility to inform parents when staff are considering placing the pupil's name on the SEN register or moving the child between stages. It is essential that parents inform the relevant school staff of any significant needs their child may possess. They should do this as early as possible. For example, essential information may need to be made available by a parent upon a child's entry to the school.

Parents should be invited as necessary to:

- meet with staff to discuss their child's needs;
- attend review meetings;
- inform staff of changes in circumstances; and
- support targets on PLPs.

Admissions

The admission arrangements with respect to the majority of pupils with SEN must be consistent with the school's general arrangements for all other pupils. The Special Educational Needs and Disability Order (SENDO) (2005) legislation strengthened the right for children with a Statement to an ordinary school place unless it is against the wishes of parents, or it is incompatible with the efficient education of others. Children who have special educational needs but do not have a statement, must, except in specific circumstances, be educated in an ordinary school (Article 3(1) SENDO, 2005).

Children with Statements of SEN are placed in the school at the request of the Education Authority (EA). When seeking to place a pupil with a Statement, the EA will take into account the wishes of the child's parents and the provision of

efficient education for other children in the class or school and the efficient use of resources to determine the suitability of the placement. This arrangement is in line with SENDO legislation.

Accessibility

Every grant-aided school and independent school is required to have a written accessibility plan which should be publicly available and accessible via the school's website. The focus in the school's accessibility plan is to:

- increase the extent to which disabled pupils can participate in the school's curriculum. By way of example, this covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure, and cultural activities;
- improve the physical environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services provided or offered by the school; and
- improve the delivery to disabled pupils of the information which is provided in writing to pupils who are not disabled. This should be completed within a reasonable time and take into account their disability and any preferences expressed by them or their parents.

At present the school is currently completing an Accessibility Audit and will then complete an accessibility plan in accordance with the findings from the audit.

Special Facilities, Resources and Accommodation

- Additional monies in school budget for SEN.
- Withdrawal support when additional funding is available
- Quiet/Sensory room
- Pupils with disabilities have equal access to all areas of the school building;
- The school is fully accessible to wheelchair users;
- There are well-equipped facilities for personal care;
- Access to a broad and balanced curriculum can be facilitated appropriate to age, ability, aptitude, and attainments; and
- Written information can be provided in a variety of formats upon request.
- Pupils have access to quiet/sensory tents in their classrooms
- Time out cards
- Pupils have access to some sensory resources e.g. weighted blankets, lights, feely bags/sloped writing boards

- Buddy Bench
- Blue Badge parking space
- A range of ICT software to help access the curriculum

Annual Report

The Board of Governors report annually on all aspects of SEN provision in school. The SEN section in the Annual Report contains information on: the number of statemented pupils; pupils that received provision from EA Pupil Support Services or Health and Social Care Trust; and those that accessed school-delivered special educational provision. This report is made available on request from the school office. Information for this report will be collated by the LSC and Principal.

Identification and Assessment of Special Educational Needs

It is vitally important that children with SEN are identified as early as possible and that an awareness of their possible difficulties is clearly communicated between all the professionals involved with their development.

(Code of Practice 1998, paragraph 2.14)

Children with SEN should be identified as early as possible and assessed as quickly as is consistent with thoroughness.

(Supplementary Guide of the Code of Practice paragraph 5.12 - page 44)

All staff in Ardstraw Jubilee Primary School are responsible for the early identification of children with SEN using their own observations, experience, professional judgement, and testing, as well as information gleaned from parents, previous teachers, external agencies etc. As well as observations, checklists, weekly tests, and teachers' own professional judgements. The school in line with EA recommendations has in place the following testing regime:

<i>Year</i>	<i>Test</i>	<i>Time of testing</i>
Year 1	British Picture Vocabulary Scale Key words based on reading scheme	October/November May
Year 2	M.I.S.T. Progress Test Maths 6 100 Keywords	February May May
Year 3	NRIT Progress Test Maths 7 Reading Test - NGRT 200 Keywords NGST Spelling	January May May May May
Year 4	Progress Test Maths 8 Reading Test - NGRT Accelerated Reader NGST Spelling	May May AR Test - at end of each term May

Year 5	NRIT Progress Test Maths 9 Accelerated Reader Reading Test - NGRT NGST Spelling	January May AR Test - at end of each term May May
Year 6	Progress Test Maths 10 Accelerated Reader Reading Test - NGRT NGST Spelling	May AR Test - at end of each term May May
Year 7	Progress Test Maths 11 Accelerated Reader Reading Test - NGRT NGST Spelling	May AR Test - at end of each term May May

The Management of Special Educational Needs

At any time if a teacher has concerns regarding a child in their class who they feel may have SEN, they will initially fill out the school's Record of Concern form and put in place some reasonable adjustments for the child taken from A Resource File for Schools to Support with SEN. The child's progress will be monitored, and the teacher will consult with the LSC regarding next steps.

Standardised test results are collated annually and analysed at a whole school, class and individual level. Test results and Pupil Profiles are analysed by the SENCO in consultation with class teachers to identify children whose performance may be inconsistent or low. Further diagnostic tests may be administered to some children. Children may then be placed on the SEN register after thorough analysis, consultations with parents, other teachers, and on class teacher's observations so that appropriate provision can be put in place. When a child is identified as having a SEN the parents are invited into school to discuss the child's needs with the teacher. With parental permission, the child's name is placed on the SEN register and appropriate provisions put in place. Other children whose performance is borderline are highlighted so that their progress can also be monitored. At this stage, children may benefit from additional learning support offered in school. The SENCO will meet once per term with class teachers to monitor children's progress. Procedures for a staged approach in line with the Code of Practice are in place.

The SEN register is reviewed regularly by the LSC, and class teachers and children moved between the stages and on/off register as appropriate.

At Ardstraw Jubilee School, the following may be used to identify pupils' needs:

- information from transferring school;
- teacher observation;
- checklists
- standardised tests;
- diagnostic assessments;
- whole school assessment (e.g.: NRIT/PTM);
- key stage assessments;
- class tests
- personal education plans;
- care plans;
- personal education plans for children who are looked after;
- statements of special educational need;
- annual reviews;
- professional reports;
- parental contributions;
- pupil contributions;

The Three Stages of Special Education Provision

At AJPS, we adhere to the three stages of the Code of Practice. These stages focus on the level of intensity of the special educational provision required for a child to make adequate progress commensurate with their abilities and improve their outcomes. Responsibility for pupils with SEN at each stage lies with the school, given the day-to-day role of the school in a pupil's teaching and learning, with increasing EA involvement when required. A summary of the three stages of special education provision is set out below:

Stage 1 includes:

- School delivered special educational provision;
- A PLP is required (currently IEP);
- The majority of special educational needs will be met at this stage;
- The responsibility lies with the school;
- Operates in mainstream schools and classes; and
- Reasonable adjustments and additional strategies and approaches are implemented, aimed at meeting, and addressing the child's SEN.

The PLP (currently IEP) should contain the core information/evidence of the school action to inform a request, if considered necessary, for access to EA SEN services at Stage 2. The child will only move to Stage 2 once any external special educational provision is being implemented.

Stage 2 includes:

- School-delivered special educational provision plus external provision, for example, the EA or the HSC Trust;
- A PLP is required (currently IEP). A smaller number of children will need this provision;
- The responsibility lies with the school plus external provision from EA;
- Operates in mainstream schools and classes (and by exception in special school or Learning Support Centre (LS Centre) for the purpose of assessment; and
- Reasonable adjustments, additional strategies and approaches are implemented plus resources, advice, guidance, support, and training provided through the EA SEN support services to address the child's SEN.

In the event of a child not making progress, despite the external support from the EA, the child may require consideration for a statutory assessment. A new online form designed to guide the user through the process is used to make a request for statutory assessment. The PLP (currently IEP) contains the core school information the EA will use to consider and if appropriate make, a statutory assessment.

The pupil will remain at Stage 2 when a request for a statutory assessment is being considered, is being made and, if appropriate until a Statement is made.

Stage 3 includes:

- Pupils with a statement of SEN;
- School and EA delivered special educational provision plus any relevant treatment or service identified by the HSC Trust;
- A PLP is required (currently IEP);
- A smaller number of children will need this provision;
- The responsibility lies with the school and the EA -with input from the HSC Trust where relevant;
- Operates in mainstream schools, LS Centres attached to mainstream schools or special schools (as determined within the child's statement);
- Reasonable adjustments, the school delivered special educational provision are implemented plus EA provision as set out in the Statement.

At Stage 3, the child has a statement and is receiving special educational provision (as set out in the Statement).

The pupil's PLP (IEP) should be revised, to reflect the content of the statement (as it relates to the PLP (IEP) including the SEN category (or categories)); setting intended outcomes based on the objectives of the special educational provision and the nature and extent of the EA's provision including any relevant service and treatment the HSC Trust are to provide; and any additional school provision or modifications to the curriculum, as itemised in the statement; the pupil's PLP (IEP) will be subject to regular monitoring, review and evaluation and will form the key basis of educational information to inform the annual review of the statement.

Exceptional Cases

In most cases transition through the three-staged assessment process occurs in sequence. However, in exceptional circumstances, pupils may demonstrate such significant or unforeseen difficulties that with multi-professional and parental agreement a move to a higher stage of need is necessary immediately.

The Annual Review

Article 19 of the Education (Northern Ireland) Order 1996 requires that any child or young person who is the subject of a statement of special educational needs, whether attending a special or mainstream school, must be reviewed annually, to make sure that the needs of the child or young person are still being met and to consider the appropriateness of the placement. Annual Reviews should be seen as part of the process of continuous monitoring of the child's progress.

The Annual Review procedure is designed to:

- gauge the child's progress towards meeting the objectives specified in the Statement;
- review the special provision made for the child, including placement; and
- consider the appropriateness of maintaining the statement of special educational needs.

The annual review is carried out by the school on behalf of the EA.

The Review will take place in school and is chaired by the principal (or another person as delegated by the principal).

Relevant forms and the EA's guidance for this process are available by contacting Statutory Assessment and Review Service (SARS) of the school's local EA office or they can be downloaded from the [EA website](#).

Record Keeping

The LSC keeps the following records in school:

- SEN Register;
- records of concern;
- individual education plans/(PLP) reviews;
- statements/annual reviews/transition plans;
- assessment results/data;
- individual pupil files;
- record of liaison/meetings with staff from the Education Authority's SEN Support Services/Health and Social Care Trust
- minutes of meetings with parents; and
- support, advice, and training provided to staff.

Monitoring the Progress of Pupils with Special Educational Needs

It is the responsibility of the LSC to ensure that the progress of pupils on the SEN register is monitored. This may be achieved by considering that:

- individual education plans are monitored and reviewed for quality, progression, and appropriateness through meeting with teachers on a regular basis;
- evidence is collated to demonstrate whether the pupil is making progress; and
- information gathered is used in future planning for intervention and to inform movement either up or down through the stages of the Code of Practice.

Professional Development

The principal in consultation with the LSC oversees the professional development of all staff in his/her school. It is essential that all staff are keep up to date with SEN developments to provide effective teaching and support for pupils.

Following attendance at relevant internal or external education and training programmes, staff members should be encouraged to disseminate the information provided to build the capacity of their colleagues.

Partnership Working

In school we work with a range of EA Pupil Support Services, where appropriate, to receive training and guidance to support the school and parents in meeting the needs of children with special educational and medical needs. Examples of EA [Pupil Support Services](#) may include:

- Autism Advisory and Intervention Service (AAIS)

- Sensory Service
- Special Educational Needs Inclusion Service (SENIS)
- Literacy Service
- SEN Early Years Inclusion Service (SENEYIS)
- Language and Communication Service

Other services may include:

- [Behaviour Support and Provisions](#)
- [Education Psychology Service](#)

Other Support Services

- RISE NI
- Barnardo's
- Child and Adolescent Mental Health Services (CAMHS)
- Child Development Clinic (CDC)
- Independent Counselling Service for Schools (ICSS)

Complaints

All complaints regarding SEN in your school will be dealt with in line with school's existing complaints procedures.

If you have any queries in relation to special educational needs of a child with a Statement or who is currently being assessed for a statement of special educational needs, you can contact your local [EA Office](#). Please contact your SEN Link Officer in the first instance. Contact details should be on the EA documentation issued to you alongside your child's statement.

Dispute Avoidance and Resolution Service (DARS)

The [Dispute Avoidance and Resolution Service \(DARS\)](#) provides an independent, confidential forum to resolve or reduce the disagreement, in relation to special educational provision, between parents and school/Boards of Governors or the EA for pupils who are on the Code of Practice where previous attempts to do so have been unsuccessful.

Parents can contact the service which is provided by [Global Mediation](#).

Involvement with DARS will not affect the right to appeal to the Special Education Needs and Disability Tribunal (SENDIST)

Special Educational Needs and Disability Tribunal (SENDIST)

The [Special Educational Needs and Disability Tribunal \(SENDIST\)](#) considers parents' right to appeal against the decisions made by the Education Authority about their child's special educational needs whenever an agreement cannot be reached. This service also addresses claims of disability discrimination in school.

Monitoring and evaluating the SEN Policy

The SEN policy will be reviewed annually. It will be amended as appropriate in light of changes in legislation or practice following targeted consultation with all staff members, parents, and external agencies. This policy will be brought to the Board of Governors for final approval.
